### - MERIT RECRUITMENT & SELECTION-

**Date:** May 19, 2003 | **Subject:** Classification Plan Changes for Administrative

Purposes and Resulting from the WSEU **Blue Collar** Surveys and Negotiated Pay Range

Assignments and Reassignments

Pursuant to s. 230.09, Stats., the Secretary of the Department of Employment Relations (DER) has approved the classification plan changes identified on this bulletin. Regardless of the actual notification date, the **effective date is May 18, 2003**, unless otherwise stated.

## 1. Blue Collar Survey

**Locator No:** MRS/SC-153

The Blue Collar Survey was initiated February 14, 2000, and announced in Bulletin CLR/SC-107. This survey was initiated upon the request of state agencies and the Wisconsin State Employees Union (WSEU) based upon their experienced difficulties with classification and compensation issues within this group of classifications. The goals of the survey sought to lessen classification, compensation, recruitment, and/or retention difficulties which agencies may be experiencing.

Classifications included in the Blue Collar Survey were: **Custodian 1-3**, **Laundry Worker 1-4**, **Laundry Services Assistant**, **Laboratory Helper**, **Laborer**, **Laborer-Special**, **Laborer-Lead**, **Laborer Helper LTE**, **Tree Pruner**, **Groundskeeper**, **Grounds Crew Chief**, **Greenskeeper**, **Tugger Coordinator**, **Produce Gardener**, **Research Gardener**, and **Lawn Care Worker**. The non-represented counterpart classifications of Custodial Supervisor 1-2, Laundry Services Supervisor, Laborer Supervisor, and Grounds Supervisor were removed effective May 20, 2001, as a result of the expansion of broadband of these classifications in CLR/SC-130. Approximately 201 audits were performed from the approximately 1700 Blue Collar positions.

Classification simplification was a key result of implementation of the Blue Collar Survey. The new classifications are: Cemetery Caretaker, Custodian, Custodian Lead, Grounds Crew Lead, Laborer, Laundry Worker, and Laundry Worker Lead. Additionally, Gardener, Greenskeeper, Groundskeeper, Research Gardener, Tree Pruner, and Tugger Coordinator classification specifications were modified as part of DER class plan administration.

# 2. Reprographics Survey- Partial Implementation

The Reprographics Survey was initiated September 9, 1997, and announced in Bulletin CC/SC-69. The classifications included in the survey were **Bindery Worker 1-3**, **Offset Press Operator 1-3**, **Offset Press Shop Supervisor 1-2**, **Printing Technician 1-3**, **Printing Technician Supervisor 2-3**, **Printing Assistant**, and **Printing Supervisor**. The non-represented counterpart classifications Offset Press Shop Supervisor 1-2, Printing Technician Supervisor 2-3, and Printing Supervisor were removed effective May 20, 2001, as a result of the expansion of broadbanding these classifications as announced in Bulletin CLR/SC-130.

This survey is being partially implemented with the actions described in this bulletin. **Bindery Worker 1-3**, approximately 5 positions, and **Offset Press Operator 1-3**, approximately 20 positions

MRS-SC-153 Page 2 of 6

are impacted. The new classification simplification results in the creation of **Bindery Worker**, **Offset Press Operator**, and **Offset Press Operator Lead** classifications.

### 3. Locksmith Survey

The Locksmith Survey was initiated September 18, 2000, in CLR/SC-119. The classifications included within the survey were **Locksmith-Entry** and **Locksmith-Journey**, including approximately 30 positions. The survey identified problems with the two listed Locksmith levels. As a result of the survey, the classification specifications were modified, and new pay range reassignments were negotiated.

## 4. Pay Range reassignments as a result of the collective bargaining process

As a part of contract negotiations, some changes seek to address compensation, recruitment, and retention problems which agencies may be experiencing in regard to these classifications. A number of classification related actions are pay range reassignments resulting from the contract negotiations. The classifications impacted include the **Auto Equipment Technician Entry**, 1 position, the **Cook 1** and **2**, approximately 95 positions, **Laboratory Helper**, 2 positions, **Power Plant Operator**, **Operator In Charge**, **Operator Senior**, and **Power Plant Assistant**, approximately 200 positions, **Seamstress/Seamer 1**, **2**, 5 positions, **Tool Crib Coordinator**, 1 position, **Upholsterer**, 10 positions, and **Utility Plant Operator**, 10 positions.

For Numbers 1, 2, 3, and 4 above, DER modified classification specifications for administrative purposes as needed and/or changed Job Group codes or CIC codes. The Department of Administration Central Payroll and UW Central Payroll will automate reallocation notices for the above 1, 2, 3, and 4 changes. Questions may be directed to Tom Sandine at (608) 267-5160.

#### **Internet Availability:**

The target date for the availability of classification specifications from this bulletin on the DER Web Page is June 9, 2003.
